Public Examination Results 2019

Sixth Form results summer 2019

This year resulted in the best ever outcomes for our A level students, and built upon the comments made about our Sixth Form by Ofsted in June

“attainment has risen for all students, including for disadvantaged students.”

“...the proportions of students continuing into education, employment or training are higher than the national averages.”

“Students make stronger progress than other students nationally from similar starting points”

ALPS are a nationally recognised organisation who rank schools from 1 – 9 with a grade 2 being high ranking and therefore indicating very strong performance.

All students who applied to university have secured places.

Year 11 G.C.S.E. results summer 2019

Our G.C.S.E students also secured some pleasing outcomes, and we are really pleased to see increases in the proportion of students receiving a strong pass in English and Maths
In addition, the numbers of students who have secured a grade 7 in both English and Maths has doubled since 2017.

Grade 7 in English and Maths

% Eng (Lit/Lang) & Maths 7+
